New Resources Available for Armstrong and Liberty Campuses

January 9, 2018

As part of consolidation, students, faculty, and staff at the Armstrong and Liberty campuses are gaining access to new databases and expanded library content. Below is a list of new databases and content that is or will become available over the next several months.

Until consolidation is complete, students enrolled at the Armstrong and Liberty Center campuses should use the [Lane Library](#) website to access resources and services. During this time, as new databases and content become available, they will be added to Lane Library's [A-Z Database List](#).

Need help? Contact the Lane Library Reference Desk at 912-344-3026 or by using our [Remote Reference Services](#).

Database Name	What's New?
